WHO LEADS WHOM?

How Human Leadership Creates Clarity, Connection, and Movement in the Age of AI.

In the age of AI, the decisive advantage is not intelligence alone. It is the human capacity to create clarity, take responsibility and move together.

ABOUT JULI

Juli combines decades of transformation experience with clear analysis, personal presence, and leadership that people can experience directly. On stage, he brings together strategic clarity, personal stories, interaction, and Leadership Tango™. He has spoken at NASA, PMI Global Congresses, and international leadership and transformation events.

KEYNOTES

WHO LEADS WHOM?

What Leadership Tango™ reveals about leadership in the age of AI

Leadership Tango™ makes tangible how presence, connection, and shared direction shape leadership — and what happens when control reaches its limits.

WHY INTELLIGENT ORGANIZATIONS GET STUCK

And How to Move Again

Organizations stall when decisions remain unclear, ownership becomes blurred, and alignment replaces action. Juli shows where decision flow becomes blocked — and how clarity, ownership, and execution can be restored.

THE HUMAN DIFFERENCE

How human leadership turns AI potential into progress

Human judgment, ownership, creativity, and connection determine whether technological potential becomes meaningful progress.

Leadership Tango™ with nearly 400 participants, Rapperswil, Switzerland, 2024

LEADERSHIP TANGO™ IN ACTION

An interactive Leadership Experience that makes essential leadership questions directly tangible. Participants explore presence, connection, and shared direction together.

“I learned about human-centered leadership. But what mattered most was that, for the first time in many years, I found myself again.”

— Participant, Leadership Tango™, Davos 2025
